

SCB DECEMBER NEWSLETTER

>>> SUSTAINABLE GIFTING

There are many really cool gifts to give this holiday season that are sustainable and have a positive impact on the environment. Some examples of gifts are bamboo cutlery sets, reusable straws and cups, and a really interesting one, stuffed animals from the WWF. If you purchase a stuffed animal from the WWF, the proceeds go to supporting and protecting that species.

WRAPPING OPTIONS <<<

Switching to sustainable gift wrapping options is a simple way to reduce waste this holiday season. Consider using squares of fabric that can be reused and repurposed once unwrapped. Instead of shiny foil paper that cannot be recycled, opt for Kraft paper, which is biodegradable and recyclable. Other options include reusable tote bags, newspaper, old gift boxes, and glass jars - get creative!

>>> NON ITEM GIFTS

Gifts do not always have to be material items! They can be experiences such as concert or movie tickets, or online subscriptions to apps, streaming services, or video games. Another wonderful option is to make a donation to a chosen charity in the name of the person you are gifting to.

Look forward to more events with SCB in the New Year!
